#### IN THE LIGHT

Tunes,-Madrid, 117: Stella, 120. Tunes,—Madrid, 117; Stella, 120.

My soul awoke at Jesu's touch,
Awoke to life and joy and hope;
He loved me so, His love was such, He loved me so, his love was such;
I am not left in gloom to grope;
He came with light, my fears dispelled,
Then all my heart with praises
swelled.

O sing, my soul, with gladness sing, Lift up thy voice, thy Saviour bless; Praise Him who doth Salvation

bring; Praise Him the Sun of Rightcousness; Praise Him for sin's dark night is

o'er.
'And God is mine for evermore.

SEEK THE LOST!

Hark! 'tis the Shepherd's voice I hear, Out in the desert dark and drear. Calling the sheep who've gone

astray,
Far from the Shepherd's fold away.

Chorus

Bring them in—bring them in!

Bring them in from the fields of sin;

Bring them in, bring them in!

Who'll bring the lost ones to the fold Where they'll be sheltered from the cold?

Lo! I rise to life divine;
In my soul an Easter morning;

#### GOOD-BYE TO KHAKI BOYS

The day before leaving Swift Cur-rent for Sewell Camp, the soldier boys gathered in The Salvation Army boys gathered in The Salvation Army Hall at 4,30 p.m. A musical pro-gramme was arranged and ice cream and cake served. They enjoyed them-selves immensely, and to their de-light, Brigadier McLean arrived on the afternoon train just in time to give the boys a short address, and Caplain Cox taught them "Keep Sweet," the new chorns, which has

made everyone sing.

At night the Hall was filled to its ntmost capacity to hear Brigadier

A successful Sale of Work took place at Winnipeg II. Corps on June oth and toth. The sale was declared open by Mrs. E. W. Hamilton, who spoke very highly of The Army and its work. The T. #### THE MAJOR ON BARRABBAS

Inverness (Cape Breton) was visited by Major Barr (our Divisional Commander) for the week-end, June 5th-6th. Saturday night we had a splendid open-air, the crowd listened very attentively to the Major's ad-dress on "Barrabbas," On Sunday morning three souls came forward, one for reconsecration, and two for Salvation. The open-air and indoor Salvation. The open-air and indoor meetings were times of great blessing. We extend our sympathy to Brother and Sister Clarke, who have lost their little one. #### MEED was semind you that Won man has rendered the highest service to The Army in the past,

That service has, I think, largely resulted from the position and opnortunities I have been led to afford her. I wonder some times what my people think of our nosition on this aucstion.

To help you to a right conclusion, let me tell you something of my own experience, and then perhaps you will be better able to judge.

#### Her Chief Attesetion

Fifty-two years ago, or thereabouts. I met with a heautiful woman who was beautiful not only in form and conteliness but in mind and heart and character. But in her spiritual nature, that is, in her soul lay her chief auraction. Definitely converted, endowed by God with a compassionate spirit, a strong intelleet, and a onick intelligence, she was wholly consecrated to do the will of her Lord at all costs. Later on she developed into a mighty preacher, and her words are still echoing round the world. Indeed, I seldom set my foot on any ship or on any shore, where one and another do not grasp my hand, and acknowledge the benefit they have reaped from her hurning words

#### Trusted Counsellor

That Warran became my wife and joined me with all her heart in the work that had already become the ruling passion of my life. For thirtyfive years she was my trusted counsellor in difficulty, my unfailing comforter in sorrow, and my unflinehing comrade in difficulty. She was the inspired teacher of our children, the

Now all the world knows something of the nosition I gave her in the early days of The Army, and the opportunities I made for the exereise of her abilities during its later history.

#### What Do You Say?

If you had been in my place, and that noble Woman had been vonr. wife, how would have treated her? Do you think I was wrong in setting her on high as I did? What do you cau?

I had a daughter. I refer to one specially, because she is in Heaven, and I can therefore more freely speak of her.

She was a noble Woman. Taking into consideration her character, her disnosition and career, I know of no one who has excelled her. She was charming to look upon, while in mind and heart she followed very closely on the track of her nowclorified mother.

She, too, had a large measure of energy and compassion, and of that quality so useful in the government and direction of men, sanctified common sense.

As you may kildw, she was taken to Heaven four years ago in a milway accident in the Western States of America. I am following on to meet her. What a meeting that 

Was I right, think you, in giving that daughter those high positions of usefulness, and the power and in-Anence associated with them?

Now, I have two granddaughters, who have reached years of majurity. They are here to be known and looked at, and I cannot say about them Bli I would wish to do, were it not so. But I may remark that they are gifted as regards the graces and colucation and intelligence of this life They can speak several languages. play musical instruments and do others things that the world admires.

What was to be done with these girls? What was my duty with respect to them? What did I advise?

Well, I will tell you how their father and mother with my full on proval, treated them. They filled their minds with the notion that to

The after-noon and evening services brought the presence of God very near, One young man said he had travelled eleven miles to get to the meeting, but had found Christ. #### The Method of Sweeping for Mines

Day in and day out they have tossed and tumbled through the grey heaving waters fighting out the stiff gales which were so frequent in the North Sea during the winter. With another trawher in company, away either to port or starboard, the trawlers work, connected to one another by a steel cable that goes over their bucking stern down towards the bottom of the sea and then in a bulging loop crosses to the other vessel and up to her bol-lards. This is the sweeping wire, which, kept below by the two iron kites, "erceps" for the unseen peril —the German floating mines which are beneath them. If luck be with them the chains which hold the explosive globes just below the surface and which are anchored at the botand which are anchored at the bot-tom end to the iron sinkers on the sea bottom, are caught by the sweep-ing wire and the mine is dragged up and exploded; if, however, luck is against them, then their own stem against them, then their own stem may strike the mine. He called for volunteers to man the small boat. It was thrown over the ship's side, and into jumped the hoatswain, Joseph Abbott of Burham, and two deck hands, Thomas Thompson and Robert Strachan. ECONOMIC VALUE OF RIPOS

THE insects that destroy our fruit Terops attack every portion of the ree and its fruit (says William Horanday in "Wild Life Conserva-tion"). The woodly aphis attacks the roots; the trunk and timbs are preyed upon by million of plant lice, scale insects and borers; the leaves are devastated by the all-devouring leaf worms, canker worms, and tent caterillars, while the fruit itself is attacked by the curculio, codling moth, and apple maggot.

By the annual expenditure of about eight million dollars in cash about eight million dollars in cash in the spraying of apple trees, the destructiveness of the codling moth and enreulio have been greatly re-duced; but, of course, that great sum must be set down as a tolal loss to the farmers and consumers. in addition to a shrinkage of twelve million dollars in the annual crop from insect ravages that could not be prevented.

Now, in view of the foregoing, is it or is it not worth while for seri-ous-minded men to do their very ous-minuou men to do their very utmost, continuously, to protect from foolish and brutal slaughter man's only allies in the insect war, the insect-cating birds?

#### WAR ON WEEDS

THE weed question has received considerable attention from the Lands Committee of the Commiss sion of Conservation, and some facts have been revealed which show the real seriousness of the problem. It is time that all who are interested in agriculture realized the situation. Steps must be taken to rid the soil of the roots and the seeds. Co-operation between farmers in the same community, and between farmers, the Experimental Farms and Stations, and the Gov-ernments, both Federal and Provineral, is necessary before satisfactory results can be secured. Only by continuing the fight to the end with method and thoroughness can these enemies be held in eheck and ulti-mate freedom from noxious weeds be achieved.

On several occasions she made little mistakes in serving customers, and the manager warned

"Oh," said Rosie, and she sat up in bed with her interest now aroused. It was the very first present that any young man had ever sent her, and she felt a peculiar sense of delight. And thus one more link was forged in the chain that was hinding her vain little soul to the world and its charms.

Sunday dawned a glorious day, and all the young folks who boarded at Mrs. McGurés's were full of delight at the anticipation of their vaccing leasures. Tunes.—The ash grove, 200; Oh, turn ye, 190; S. B., 118. Hark, sinner! while God from on high doth entreat thec And warnings with accents of mercy do blend;

Give ear to His voice, lest in judgment He meet the;
The harvest is passing, the summer will end.

The Saviour will call thee in judg-The Saviour will call thee in judg-ment before Him;
Oh, let all the sins go, and make
Him thy friend!
Now yield Him thy heart, and make
haste to adore Him;
The harvest is passing, the sum-orer will end.

## NO PRIEND LIKE JESUSI

Tune.-There's no one like Jesus 102 La travelled the rough paths of life in my day,
But Jesus, He met me upon the
broad way; He pardoned my sins, my soul He set free,
And the broad way to death is now
vacant for me,

There's no one like Jesus can cheer me to-day

The joys of the world I have left far behind. They brought nought but sorrow and care to my mind; The heart that was once in misery and pain, To-day is rejoicing in Jesus' name.

Oh, turn, sinner, turn, for why will ye die?
Tis Jesus, your Saviour, is asking

you why; For now He is waiting your pardon to give, Oh, turn, sinner, turn unto Jesus

and live!

#### PRAISE THE LORD!

Tures.—Old hundred, 13; Ware-hame, 20; Song Book, 343. Mil people that on earth do dwell,
y Sing-to-the Lord-with cheerful
y originate.

Him serve with fear, His praise
forth tell;
Come y before Him and rejoice.

Oh, enter then His gates with praise, Approach with joy His courts

Praise, laud, and bless His name For it is seemly so to do.

or why? The Lord our God is good, His mercy is for everyure; His with at all times firmly stood, And small from age to age endure.

## THE IOY IN HEAVEN Tunes.—Ellacombe, 30; Mighty to

How happy every child of grace, Who knows his sins foreiven! Who knows his sins forgiven!
This earth, he cries, is not my place,
I seek my place in Heaven!
A country fair from mortal sight,
Yet, Oh, by faith I see
The land of rest, the staints' delight,
The Heaven prepared for me.

To that Terusalem above. To that Jerusalem above,
With singing I repair;
While in the flesh, my hope and love,
My heart and soul, are there;
There my exalted Saviour stands,
My merciful High Priest,
And still extends His wounded

hande To take me to His breast.

## GIVE ME A HEART

Tunes.—Give me a heart, 32; Lord, fill my eraving heart, 45; Song Book, 387.

While here before Thy cross I kneel, To me Thy love impart;
With a deep burning love for souls,
Lord, fill my craving heart.

> Charus Give me a heart like thine!

Deepen in me Thy work of grace, Teach me to do Thy will; Help me to live a spotless life, Thy holy laws fulfil.

With mighty power my soul baptize, My longing heart inspire,
That I may from this moment rise A living flame of fire,

#### I'LL TELL OF THY DYING FOR ME

Tune.—"When you and young, Maggie." I'm thinking to-day of Thy love,

Jesus,
Jesus,
The love so freely given;
Of how Thou didst come from
above, Jesus—
To bring us home to Heav'n,

Thy coming to seek and to save, Tesus.

The thorn, the spear, the tree; My life and my all Thou shalt have, Jesus, I'll tell of Thy dying for me.

#### Chorus

I'll tell of The dying for me. Jesus: I'll tell of Thy dying for me.

How Thy blood Thou didst shed for
my sin, Jesus;

I'll tell of Thy dying for me.

I'm thinking to-day of the Cross, Jesus,
The Cross and Calvary's Hill;
Of how Thou didst drink of the

cup, Jesus,
The cup our sins did fill,
Of how Thou didst die in our stead,

Jesus;
Oh, how could such love ever be;
I'll tell of the blood Thou didst shed,

Jesus;
I'll tell of Thy dying for me.

I'm thinking to-day of the world, Jesus; The world Thou didst love so well;

The world that has gone far astray, Jesus,
Oh, help me Thy love to tell.
With sadness and sin all around;

Jesus,
To tell of Thy dying for me. -Captain Cox.

"I can't, account for the small-at-tendance at our church on. Sundays," said a man to his friend. "Neither can I," was the reply. "I went a few-Sundays ago, and could not see, anything to attract the small attend-ance I say there."
